BRIEF COMPANY HISTORY

1969 - Petoskey Plastics, Inc. was founded in Petoskey, MI.

1975 - Began extruding own film.

1978 - Built new Petoskey plant and increased production. Began recycling processes.

1987 - Obtained a patent for a Slip-N-Grip® polyethylene disposable seat cover.

1992 - Began offering closed-loop recycling for its customers.

1997 - Obtained ISO Certification.

1999 - Bought the assets of a polyethylene film extrusion plant in Morristown, TN.

2006 - Purchased a former garage door factory in Hartford City, IN.

2007 - Opened a new corporate headquarters in downtown Petoskey. Later that year, opened a new Hartford City recycling plant, converting the building to 330,000 sq. ft.

2009 - Obtained SCS Global certification for post-consumer recycled polyethylene resin.

2013 - Added blown film manufacturing and converting lines to Hartford City.

2015 - Petoskey Plastics reused more than 30 million pounds of recycled plastic.

2016 - Developed the Petoskey Plastics Sustainability Scorecard program.

2018 - 40th Anniversary of Recycling. New $8 million wash line installed. Morristown plant expansion.

2019 - 50th Anniversary of Petoskey Plastics.

2020 - Began manufacturing of Non-Surgical Protection Gowns in response to COVID-19.

2021 - $30 million facility opens in McKinney, TX.

2023 - No Objection Letter (NOL) issued by FDA for Food-Contact PCR-LLDPE GreenPE® resin.

2026 - 40th Anniversary of Slip-N-Grip. 10th Anniversary of Sustainability Scorecard Program.

KEY POINTS

QUALITY

- Petoskey Plastics Petoskey, MI locations are ISO 9001:2015 certified
- Hartford City, IN; Morristown, TN; and McKinney, TX locations are GMP certified
- Petoskey Plastics has maintained third-party certified recycled resins since 2009
- Our corporate philosophy is continuous improvement

CUSTOMER RELATIONS

- Our sales, quality, R&D, engineering, and management teams maintain an "in-touch" attitude with customers to help ensure we are living up to our mission of earning their appreciation
- Partnering with customers is not just a saying, but an expectation

ENVIRONMENTAL PERFORMANCE

- As an innovative manufacturer and recycler, we work with our customers to reduce their carbon footprint through our closed-loop programs
- Every month we recycle over 2,500,000 lbs. of landfill-bound plastic bags and stretch wrap
- In 2016, we developed a sustainability scorecard program to provide our customers with a quantitative evaluation. The scorecard allows customers to see the return on their investment to the environment after purchasing products that contain post-consumer recycled content

PUBLIC SERVICE

- For over 55 years, Petoskey Plastics has engaged in philanthropic activities
- In living true to our company mission statement, we contribute to our business communities with our giving focus on youth and their wellness
- Over the last 10 years, we have donated over $1.4MM to our communities

TECHNOLOGICAL INNOVATION

- Petoskey Plastics has invested heavily in state-of-the-art equipment to produce multi-layer film structures that achieve or exceed performance requirements
- Four production facilities with 98% of equipment that can run 3- and 5-layer technology
- Capable of engineering solutions in-line and converting applications
- Enhancing our ability to use new high-strength and sustainable resins to maximize cost and performance
