FACT SHEET

STEELCOAT® MEDICAL

Disposable

DENTAL CHAIR COVERS

MADE IN USA

NVBDC CERTIFIED VETERAN OWNED BUSINESS

Multi-layer Slip-N-Grip® technology. Patented coverage that works.

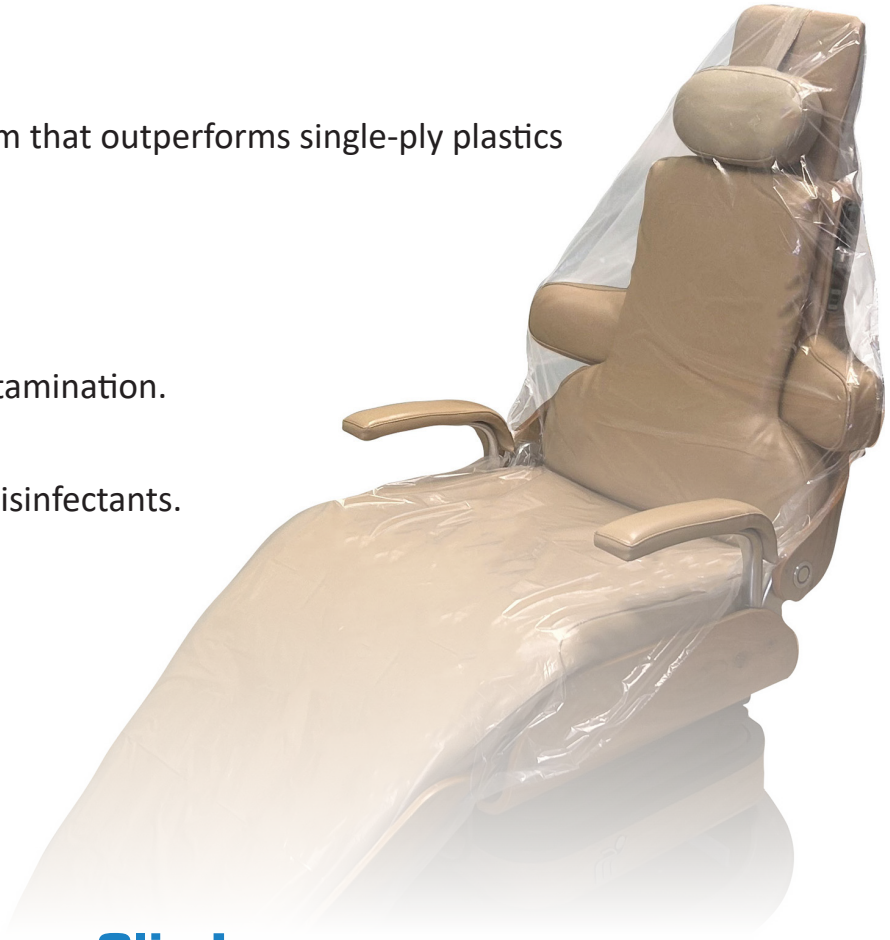

Engineered for performance and protection, select barrier film constructions can be designed to meet ASTM F1671 viral penetration requirements and other demanding healthcare specifications.

Features & Benefits

- Multi-layer, high strength barrier film that outperforms single-ply plastics
- Rolls or box options available
- Disposable and recyclable
- .7 mil - 1.0 mil options

Protect patients from cross-contamination.

Protect upholstery from harsh disinfectants.

Slip Layer

Fused with a smooth top layer, so patients easily slide in and out of the chair.

Grip Layer

It grips in place on any surface due to high friction plastic formula.
